
L83

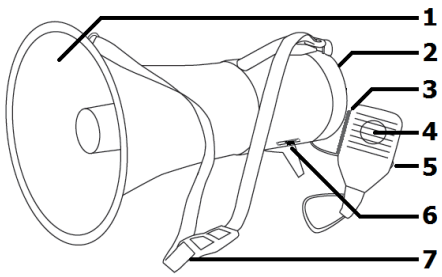
HEAVY DUTY SLING MEGAPHONE

Item ref: 952.125UK

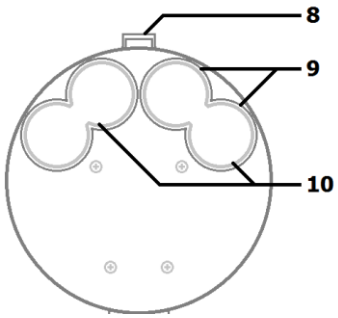
User Manual

⚠	Caution: Please read this manual carefully before operating Damage caused by misuse is not covered by the warranty

Layout



1. Speaker flare
2. Battery compartment
3. "Push-to-talk" switch
4. Microphone
5. Mic. volume slider
6. Siren switch
8. Battery compartment catch
9. Polarity indication inside
10. Plastic inserts



Setting up

Before using the L83 megaphone, it is necessary to load 8 x "C" cell batteries into the rear compartment. Unclip the top catch to open the compartment and remove the 2 plastic inserts. Load the cells inside the inserts into the battery compartment, observing the correct "+/-" polarity as indicated on the inside wall of the compartment (incorrect installation can result in damage). Alternatively, the L83 can be powered from external 12Vdc battery (car battery etc.) by connecting to the 2.1mm D.C. jack on the rear right-hand side of the housing (again, observing the correct polarity)

Operation

The L83 may be slung over the shoulder for convenience, with the speaker flare facing the audience.
Ensure that the Mic. volume slider is not moved fully down. Holding the microphone close to the mouth and not in front of the speaker flare, press the "Push-to-talk" button and speak. Adjust the Mic. volume control as necessary to achieve the required volume level. Release the "Push-to-talk" button when not speaking into the microphone. The microphone can be clipped onto the rear of the battery compartment or onto the shoulder strap when not in use.
Sliding the siren switch to the "on" position sounds a continuous alert through the speaker, sliding to "off" stops this.

Specifications

Power max.	20W
Power rms	16W
Battery	12Vdc (8 x C, not supplied)
Dimensions	370 x 220mmØ
Weight	1.85kg

Disposal: The "Crossed Wheelie Bin" symbol on the product means that the product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The goods must be disposed of according to your local council guidelines.
